First Announcement

The 43rd International Pyrotechnics Society Seminar
July 8 – 13, 2018

The 43rd International Pyrotechnics Society Seminar will be held at the Marriott Hotel, Fort Collins, Colorado, USA, on July 8-13, 2018.

FORT COLLINS, COLORADO

The Fort Collins Marriott Hotel (http://www.marriott.com/hotels/travel/ftcco-fort-collins-marriott) is located at 350 East Horsetooth Road, Fort Collins, Colorado. Fort Collins is the fourth largest city in the State of Colorado. At 5,003 ft. above sea level and an average of 300 sun-filled days per year, low humidity, and moderate winters, Fort Collins enjoys a mild climate year-round. Set against the foothills of the Rocky Mountains 65 miles north of Denver and 45 miles south of Cheyenne, Wyoming, Fort Collins is a vibrant and active community. In town, residents take advantage of 820 acres of developed park land, including 6 community parks and 44 neighborhood/pocket parks, golf, swimming and ice skating facilities, as well as 29 miles of trails offering scenic views of the Poudre River and the beautiful Rocky Mountains. Fort Collins is also the home of Colorado State University.

SEMINAR TOPICS

Subjects of interest for this Seminar include pyrotechnics, propellants and explosives and devices that utilize these materials, processes used to make them, and the physical and chemical principles and processes involved in their design, characterization, reaction, testing, operation and aging.

- All aspects of Pyrotechnics
- Fuel/oxidizer formulations
- Insensitive energetic materials
- Sensitivity and safety
- Solid rocket propellants
- Environmental considerations
- Nano-particles in energetic materials
- Testing methods and devices
- Manufacturing processes; twin-screw extruders, coacervation, co-precipitation, etc.
- Computational methods applied to energetics
- Detonation Science
- Improvised explosive devices (IEDs)
- Initiators and initiation
- Regulations and standards applicable to energetics; STANAGs, etc.
- Synthesis of explosive, propellant, and pyrotechnic ingredients
- Formulation of explosive, propellant, and pyrotechnic compositions
- Unusual applications of energetic materials
- Conventional/non-conventional explosives
- Commercial fireworks (R&D, processing, safety, materials, etc.)
- Commercial explosives and pyrotechnics for blasting, excavation, drilling, and mining
ABSTRACTS for PAPERS and POSTERS

An official call for papers will follow this first announcement. Abstracts for Papers and Posters may be submitted for inclusion in the Seminar at any time up to January 18, 2018 and should be no more than 500 words in length. You may indicate your preference for presentation in either the oral or poster sessions. Full manuscripts from both oral and poster types of presentations will be included in the proceedings. However, poster presentations only require a one to three page summary of the work being presented. Guidelines on how to prepare the manuscript for publication will be published on the http://www.ipsusa-seminars.org website and also sent to the authors. Selection of the papers to be given at the Seminar will be made in February 2018, and a list of papers for oral and poster presentation will also be published and posted on the website in February 2018. The proceedings of the Seminar will be published in hard copy and as a CD. CDs will be distributed at the Seminar, and a limited quantity of hard copies will be available for purchase upon request.

SPECIAL EVENTS

Some of the special events being planned include a registration informal reception on Sunday evening with ample food, a casual get-together dinner on Monday, a special outing and dinner on Thursday evening and our traditional wine-and-cheese reception on Friday afternoon.

REGISTRATION

Registration and abstracts will all be handled through the Seminar Coordinator:

Linda Crouse – IPSUSA 2018 Seminar Coordinator
P.O. Box 621633, Littleton, Colorado 80162-1633 USA
Phone: 303.601.8550 Fax: 303.904.3965
E-mail: LcrouseIPSUSASeminars@gmail.com

Questions about details of the logistics for registration and other arrangements may be directed to her.

FURTHER INFORMATION

Dr. David F. Dye of NSWC Crane Division, David.F.Dye@navy.mil and Dr. Jared D. Moretti of U.S. Army RDECOM-ARDEC, Jared.d.moretti.civ@mail.mil will chair this Seminar. As more information about the Seminar becomes available, it will be posted on the website at http://www.ipsusa-seminars.org.

If you wish to be placed on the mailing list for future announcements of the Seminar, please contact Mrs. Linda Crouse at LcrouseIPSUSASeminars@gmail.com, phone 303.601.8550, or fax 303.904.3965.

Copies of Proceedings from previous IPS Seminars held in the US (and some non-US) are available in book and CD form for sale at http://www.ipsusa-seminars.org/publications/.
