Special Instructions for Registration for the 2023 UCI CI-SS

Poster Abstract Submission Instructions

Accepted applicants for the 2023 UCI Combustion Institute-Summer School are required to submit a poster title, as well as a 100-word abstract about their poster, using this portal.

Early Check-In/Check-Out Instructions

Accepted applicants are also being asked to use this portal to provide some information about accommodations. Below are the steps to do so:

1. Register for this event, which will cost $150. Each attendee must complete their own registration.
2. When presented with the option to purchase "Additional Offerings," you have the option of selecting "Early Check-In" or "Early Check-Out."
   1. Early Check-In allows you to check in a day early for the Summer School (19 August) for an extra $100.
   2. Early Check-Out does not incur any additional or lessened registration fee but is meant to ensure accurate tracking of attendees and their accommodations.
      ▪ If you do not plan to arrive or depart early, you do not need to select either of these extra items.

Any questions may be directed to office@combustioninstitute.org.
